

Free Environmental Sessions from Ohio EPA

March 12, 2021

Continuing Education Units will be available for all sessions.

Do you wear multiple hats managing your business's environment, safety, and health regulations? Ohio EPA recognizes that it can be a challenge to understand and keep up with all the regulations that apply to your business. This extended portion of the 2021 Ohio Safety Congress & Expo will include four environmental sessions that will help keep you and your business out of trouble. Session information on the following pages.

8 - 9 a.m.

Ohio EPA's Rules – What you need to know to stay out of trouble

Ohio EPA recognizes that it can be a challenge to understand and keep up with all the regulations that apply to your business. This presentation will highlight Ohio EPA's major areas of compliance, provide you with resources to gain a complete understanding of the requirements, and explain the proper management of common waste streams.

Learning Objectives:

- Explain Ohio EPA's major environmental regulations
- Understand how they apply to a business
- Recognize what actions will need to be taken to be in compliance
- Know who to call for any future Ohio EPA questions

Approved CEUs:

- One BMP hour for C&DD Operator Certification
- One-hour RS/SIT credits from Ohio Department of Health

10 - 11 a.m.

Decoding RCRA: Navigating the Basics of Hazardous Waste

This session will cover the basic requirements of the Resource Conservation and Recovery Act to help generators understand how they should manage their hazardous waste. Topics will include waste evaluation, container management, satellite accumulation, reporting and more.

Learning Objectives:

- Describe how to properly evaluate a waste
- Understand how to label containers
- Identify generator category obligations
- Recognize common hazardous waste violations

Approved CEUs:

- One BMP hour for C&DD Operator Certification
- One-hour RS/SIT credits from Ohio Department of Health
- 1 VAP Certified Professional Development Hour Unit
