

Webinar Continuing Education Units Information

Earning continuing education units (CEUs) is an important activity for maintaining a professional accreditation, certification, or operator license. Below are more details about these different CEUs and how Ohio EPA webinar participants can earn credit for attending.

Registered Sanitarian Credit

Registered sanitarian credits are usually pre-approved for Ohio EPA webinars, included with the marketing and outreach for the webinar, and covered during the moderator introduction. Attendees seeking registered sanitarian (RS) or sanitarian-in-training (SIT) hours will be asked to provide their RS/SIT number in the post webinar survey so Ohio EPA can submit on their behalf to the [Ohio Department of Health](#).

Water and Wastewater Operator Certification Contact Hours

Ohio EPA's operator certification contact hours are usually pre-approved for Ohio EPA webinars, included with the marketing and outreach for the webinar, and covered during the moderator introduction. To receive credit, you must attend the full session and the session must be the primary window open on your screen for more than 90 percent of the time. You must also participate in all live chats or polls. Attendees seeking [Operator Certification](#) contact hours will be asked to provide their Core Person ID (the middle 7-8 digits of their operator's license) in the post webinar survey so Ohio EPA can submit on their behalf through Ohio EPA's eBusiness Center.

VAP Certified Professional Development Hours

Ohio EPA's VAP certified professional development hour units (PDHUs) are usually pre-approved for Ohio EPA webinars, included with the marketing and outreach for the webinar, and covered during the moderator introduction. To receive credit, submit your webinar attendance certificate with your CP renewal application to Ohio EPA's [VAP Certified Professional Program](#).

C&DD Operator Certification Hours

Ohio EPA's C&DD operator certification program BMP hours toward annual education requirements are usually pre-approved for Ohio EPA webinars, included with the marketing and outreach for the webinar, and covered during the moderator introduction. To receive credit, submit your webinar attendance certificate with your certified operator application or renewal form to Ohio EPA's [C&DD Operator Certification Program](#).

American Planning Association - Ohio Chapter CM Credits

The American Institute of Certified Planners' Certification Maintenance (CM) Program credits are usually pre-approved for Ohio EPA webinars, included with the marketing and outreach for the webinar, and covered during the moderator introduction. Attendees seeking [AICP CM credit](#) may do so through APA's self-reporting option. Log into your [myAPA account](#) and select the Self-Reported Credits option to receive credit.

Ohio Professional Engineers - Continuing Professional Development (CPD) Requirements

Ohio EPA does not submit webinars for prior approval to the [Ohio P.E. Board](#). It is up to the attending engineer to determine whether the webinar and provider meet the state requirements set out by the board and submit on their behalf. If the provided webinar attendance certificate does not provide sufficient attendee information to submit for CPDs, please email Ohio EPA at ohioepawebinars@epa.ohio.gov to ask for a customized attendance certificate.

Certified Hazardous Materials Manager Credit

Ohio EPA does not submit webinars for prior approval to the [Institute of Hazardous Materials Management](#) for certified hazardous materials manager (CHMM) credit. It will be up to the attendee to determine whether that webinar and provider meet the requirements for earning certification maintenance points (CMPs) and submit on their behalf. If the provided webinar attendance certificate does not provide sufficient attendee information to submit for CMPs, please email Ohio EPA at ohioepawebinars@epa.ohio.gov to ask for a customized attendance certificate.

Webinar Continuing Education Units Information

EnviroCert International, Inc.® (ECI) Professional Development Hours

ECI offers internationally recognized professional certifications, which can be earned by demonstrating certain qualifications based on a combination of education and experience and passing an exam. These certifications cover the regulations, design, and inspection for construction, municipal, storm water modeling and hydrology, and multi-sector/industrial fields. Ohio EPA does not submit webinars for prior approval to ECI for professional development hours. Attendees must provide proof of participation and show the actual amount of time *certified professionals* were actively engaged in the event. If the provided webinar attendance certificate does not provide sufficient attendee information to submit for professional development hours, please email Ohio EPA at ohioepawebinars@epa.ohio.gov to ask for a customized attendance certificate.
